An excellent alternative when
you're not making profit on your P & M
on capped or low-end jobs

Wanda Paint is owned by Akzo Nobel Coatings.

The brand was created in South America in the 1930's.

The founder named the paint after his daughter.

We began carrying the brand in 2008

Over 330 customers purchased nearly 5,300 mixes in 2012

Customer feedback: great color match, excellent coverage

Low VOC Clear
\$100.72/gal
Hardener \$44.74/qt

Priced so you can make capped jobs profitable.

One shop used 143 Wanda mixes strictly for rental car work.

Another shop bought 125 mixes for their dealer work.

Low VOC Primer
\$102.94/gal

**Note: you can't match these prices off your mix machine
when your toners cost \$120-\$150 per quart!**

Let us provide you with a sample.

Simply give us the paint code.

Judge the color match, coverage, and price for yourself.

You don't have to change your paint line.

Use Wanda to supplement it

So you can make money on every job.

Waterbase System

If you like the Wanda paint, you can choose to order by the mix, or you can

Install a Mix Machine

We have two separate installation programs. You replace your current mixing system, or you can place a Wanda system along side of your current system.

13 shops currently use a Wanda mix machine.

Typical price for a quart of toner is **\$80.00**.
